Osaka International Business Promotion Center
INTEX Osaka

Notice of Revision to Facility Usage Fees

Dear Valued Customer,

We would like to express our sincere appreciation for your continued support of INTEX Osaka. Since its opening in 1985, INTEX Osaka has kept its facility usage fees unchanged for 41 years, except for adjustments made in accordance with changes in the consumption tax rate. However, due to rising prices resulting from recent changes in the economic and social environment, operating costs have continued to increase, including personnel expenses, outsourced labor costs such as security and cleaning services, and repair and maintenance costs associated with the aging of the facilities.

Despite our ongoing efforts to reduce costs and improve operational efficiency, we have determined, after careful consideration, that it has become difficult to maintain the current facility usage fees.

Accordingly, we regret to inform you that the facility usage fees for the exhibition halls and other rooms will be revised effective April 1, 2028.

We sincerely apologize for the additional burden this revision may place on our customers and kindly ask for your understanding regarding the circumstances that have led to this revision.

We remain committed to providing better facilities and services and sincerely hope that you will continue to choose and utilize INTEX Osaka for your events and exhibitions.

Details

1. Revised Fees

The facility usage fees for the exhibition halls and other rooms will be increased by approximately 15% across the board.

Please refer to the attached “Fee Schedule” for the revised rates.

2. Effective Date

The revised fees will apply to facility usage on or after April 1, 2028.

The revised facility usage fees will apply to all events held on or after April 1, 2028, regardless of when the facility reservation or application was made.

Sincerely,

Osaka International Business Promotion Center
