- (1) A copy of the driving skills certificate shall be required to submit for the person in charge of the work at the time of application. Vehicles are not available for rent without submitting the certificate.
- (2) Keep proper working hours and provide the appropriate management guidance for safe work, under the supervision of the site manager. Please also properly maintain vehicles during the rental period, including recharging, etc.
- (3) The person in charge of the work is required to carry their driving skills certificate.
Before starting work, inspect the conditions of vehicles and immediately report if there is any malfunction found.
- (4) Any vehicle shall not be taken off the premises of INTEX Osaka, or used for any purpose other than construction work.
- (5) Always follow the safety guidelines and wear safety equipment (safety belt, helmet, and shoes) during operations.
- (6) In the event of damage to vehicles or structure, etc., the cost of those damages may be charged.
- (7) INTEX Osaka assumes no responsibility of compensations whatsoever for any accidents that may occur during the construction work.
- (8) It may result in suspension of vehicle rental if the above conditions would not be complied with.
- (9) Cancellation fees will be waived as below; no charge up to 7 days prior to the date of use, 50% from the day before to 6 days prior to the date of use, and 80% on the day of use (all inclusive of consumption tax).

With the above acknowledgment, I hereby submit the following application.
